

Directions By Train/Tube

We are a 5 minute walk from London Bridge Station (tube or underground). Simply exit onto Borough High Street (the road that leads up to London Bridge) and proceed south. You will pass St Thomas Street on your left, a Barclays bank and various sandwich bars. Union Street is on the right almost opposite Newcomen Street on the left. We are situated about 100 metres down Union Street on the left and have our own entrance on the street – you can't miss us...

Directions By Car

If you are driving, Union Street is one-way – you can't turn into the road from Borough High Street. The easiest way to enter is to turn into it from Marshalsea Street/Southwark Bridge Road where there is a junction with traffic lights. If you need parking, the nearest car park is 2 minutes away situated on the junction between Southwark Street and Southwark Bridge Road (you turn into the car park from Southwark Street).

PS. please remember we are in the Congestion zone
